Hi BDTHC members,

Here it is winter again and we are still able to get out and detect as the weather hasn't been to bad yet.

The Christmas Party was a big success with lots of food and goodies for everyone. If you didn't attend you missed a good time.

We welcomed a new member to the club at the party: Domenic Mennicucci.

After the party we had a short meeting to take care of some club business. First was that George brought up about Moon Lake Park being taken over by the state. We may look into that again as that was the best site we ever had for our open hunt in August.

Second Bob Brown brought in some pictures of tracks showing in the sand from a trolley or railway that were uncovered at Cape May in the sand. It was brought up that if anyone would want to go down to detect this area they should contact Bob at: 570-704-6551 to try to set up a trip.

The flyer for the Spring club hunt, picnic and the August open hunt will be ready soon and put on the web site shortly.
