

"The Penn Pointer"

BDTHC Monthly Newsletter – April 2019

Hi BDTHC members,

We have had some good weather and then some bad weather. It seems as though every time I am able to get out to detect it has been bad. Oh well sooner or later I will get out to detect as I do have some good sites to hunt.

We have two new members one is Mike Pisciotta's son and the other is Cliff Hoskins. Welcome to the Club.

We are all set for the club members Picnic and Hunt on April 28th at the Goss's. I hope to see as many members as can make it as this is always a good event for our club. Don't forget to bring a covered dish to share. And hope for good weather.

Thanks to George for sharing the information on the upcoming Rock and Mineral Show and also a report on the show that he went to in New Jersey.

We will be having our May Meeting at the Picnic also. No finds of the month in May but at the June meeting we will have two finds of the month. One for May and one for June.

**Finds of the Month: Coins-----Mike Pisciotta-----Large cent
 Jewelry-----Kristi-----Ring New York
 Misc.-----Bob Brown-----Bell**

There are lots of upcoming seeded hunts all over the country. If you want to attend any of them Good Luck!

Don't forget the next meeting will be on April 28th at the Club picnic and hunt.

That is all for now.

Happy Detecting
